Email from IPN Publishing <ipnpublishing@gmail.com> to saya, dated Kam, 18 Jun 2020, 07:27.

Assalamualaikum and Good Morning,

Dear Author

Due to the MCO and CMCO from 18.3.2020 till 9.6.2020, our office is closed. During this period no office activities have been conducted and any matter regarding conference and publication was not carried out.

Referring to the Prime Minister announcement on the 7.6.2020, now meeting and workshop can be conducted provided it must follow standard health protocol. As for our scientific meeting, only 30 presenters are allowed to present at the conference venue while for those choosing online presentations there is no limitation. Our scientific committee will prepare the rules and regulations for those planned to join our conference.

Regarding the publication of 2019, please be in mind that publication is part of the conference. COVID -19 has affected all the countries in the world. Many publishers that we working with them also face MCO in their countries. This has affected their publication schedule.

As mentioned in our term and regulation, the publication will take up to 15 months or more depending on the publication queuing matter.

So since the COVID - 19 pandemic issue, the publication will take more than 15 months especially Scopus and Web of Science Core Collection.

Effective from 10.6.2020, all the 2019 Scopus and WOS Core Collection not yet published **need to email us Turnitin report which similarity percentage must below 20 percent**. Failing to do so, the paper will be rejected since many papers have been forward back to us because of this issue. Lately the publisher has checked the plagiarism due to the journal dropped issue.

If your side cannot provide the report and couldn't wait due to longer time to publish, your side can withdraw the paper and no refund will be given since the fee is conference fee not publication fee.

However, our side can offer the alternative option as per below:

1. Change your paper to the ERA journal or Web of Science journal and your paper will be published in 2 months (no need Turnitin Report). Our side also will give you a voucher worth of RM 300.00 to attend our upcoming conference at any venue to present your paper and publish in our International peer-review journal.

Email from Akadun Warsita <akadun64@gmail.com> to IPN, dated Kam, 18 Jun 2020, 07:52.

Dear,

IPN Publishing,

Thank you for the notice about the sustainability of the publication of my article, in the appointment time the conference was indeed published because it paid for the article published. If only the conference costs the highest 2,500,000 rupiah, but we pay much higher than that. Even for excess pages. But however I thank you after there is certainty. I want to keep my article published on the Web of Science so that it can be fast.

If there is anything I need to do so that my article will be published quickly, please let me know. thanks.
