SCOPE

International Journal of Instruction is an internationally recognized journal in the field of education and is published four times a year (in January, April, July & October). The aim of this journal is to publish high quality studies in the areas of instruction, learning, teaching, curriculum development, learning environments, teacher education, educational technology, educational developments. Studies may relate to any age level - from infants to adults. IJI, being an international journal, our editorial advisory board members are from various countries around the world. The articles sent to the Journal are always reviewed by two members of the Editorial Advisory Board (double blind peer review), and in some cases, if necessary, by another member of the Board. Depending on the evaluation reports of the members of the Editorial Advisory Board, articles are published or not. Article evaluation process takes approximately three months. The authors are responsible for the errors, if any, in their published articles. The articles need to be not published

elsewhere previously.

The users of Scimago Journal & Country Rank have the possibility to dialogue through comments linked to a specific journal. The purpose is to have a forum in which general doubts about the processes of publication in the journal, experiences and other issues derived from the publication of papers are resolved. For topics on particular articles, maintain the dialogue through the usual channels with your editor.
